

G2 ROWING

Annual Fund 2025

Your Support Powers Our Future

We are on our rivers! Since the Community Rowing Boathouse in Shoaff Park was completed, G2 Rowing has been building a vibrant, year-round rowing community. With over 30 boats and more than 50 years of combined coaching experience, we've introduced rowing to people ages 15 to 75 through programs that inspire strength, confidence, teamwork, and belonging.

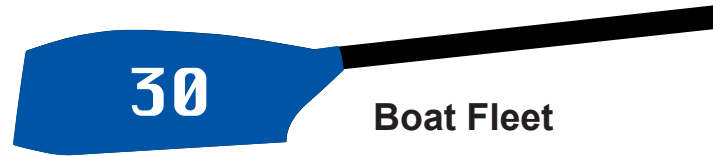

We offer free Experience Rowing Days, middle school camps, competitive Junior Rowing for high-school athletes, and Masters Rowing for adults seeking health, camaraderie, and challenge. Our Juniors now row at universities nationwide, and our Masters enjoy a lifelong connection to the rivers that shaped Fort Wayne.

Next, we're expanding access even further — adding corporate team-building programs and adaptive rowing so more people can discover the power of the water.

Please consider a year-end gift, your support helps us open the rivers to everyone.

Help us make waves!
